

### Trane XL1050 Thermostat

Trane's XL1050 touchscreen control, with Built-in Nexia Bridge, combines zone-by-zone comfort control with a smart home hub that makes your home "Smart Home Ready." Connect and control your thermostat from a smartphone, tablet, or computer.

### Honeywell IAQ Thermostat

With this thermostat, you can control up to three whole-house systems, including humidifier, dehumidifier, air conditioner, and ventilation. For convenience, control, and comfort, this thermostat also features seven-day programming and simple touchscreen technology.

### Trane 824 Thermostat

The XL824 thermostat features seven-day programming with up to six daily schedules through a 4.3" color touchscreen. It monitors both indoor and outdoor temperatures so you can adjust your system to be energy efficient.

### Honeywell T6 Wi-Fi Thermostat

You can program the Lyric T6 Pro Wi-Fi thermostat based on your schedule, or let it adapt to your life as plans change. Control it from anywhere simply by using your smartphone or tablet.

### Your Local HVAC Company Since 1979

North Winds Heating & Cooling is a full service, locally owned, Greater Lansing HVAC company. We specialize in heating and cooling repairs in Lansing and the surrounding areas.

We have been serving the community for over 40 years as a family owned and operated company. Our programs are designed to help you control or reduce operating costs, enhance equipment efficiency, improve your comfort, and maintain the best indoor air quality for residential, commercial, and industrial businesses. Our high-quality products and services have given us an enviable reputation in the heating and cooling industry. Our extensive inventory of products includes Trane air conditioner and furnaces, water heaters, heat pumps and much more. 100 percent customer satisfaction is guaranteed. All repairs are guaranteed for one year.

We extend our HVAC services to Lansing, East Lansing, Holt, Grand Ledge, Haslett, DeWitt, Mason, Okemos, and the surrounding areas.

### Honeywell Media Air Filter

This media air cleaner protects your family's health by cleaning the air that you breathe. It removes airborne dust, pollens, and other contaminants while maintaining high airflow so your system can function at full efficiency.

### Reme Halo Air Purifier

The HALO is designed to eliminate sick building syndromes risks by reducing odors, air pollutants, VOCs (chemical odors), mold, bacteria, and viruses. It sends plasma out into your home to actively seek and destroy air pollutants.

### Surge Protectors (2)

The surge protector helps protect the most expensive operating equipment in your home from the damaging effects of momentary voltage spikes or other transient power surges.

### Duct Smoke Detector

Designed to prevent the recirculation and spread of dangerous smoke by shutting down air handling systems when smoke is detected. An excellent way to protect your family.

### Low Level CO Monitor

The low level CO monitor provides protection for all age groups and conditions, especially infants, children, the elderly, and highly sensitive or ill people. It detects low levels of carbon monoxide.

### Wet Switch Flood Detector

The Wet Switch helps prevent flooding, damage to carpets, walls, furniture, ceilings, etc. It turns the system off when moisture due to condensate or drain leaks is detected.

### Condensate Pump

A condensate pump is a specific type of pump used to pump the condensate (water) produced in an HVAC (heating or cooling), refrigeration, condensing boiler, furnace, or steam system.

### Aprilaire Humidifier

This humidifier runs water and air through the system when humidity is needed; using less water and saving energy by eliminating the constant cycling of air, saving customers water, energy, and money.

### Custom AC Covers

Help protect your unit from the weather conditions such as snow and ice. Having a cover can also help with preventing critters from residing in your unit as well.

### AC Re-New

AC Re-New helps to improve the performance of your air conditioning system, which can save you in energy costs. It can also help quiet noisy systems.

### Compressor Saver

This Compressor Saver helps protect your air conditioner from costly repairs. It can extend the life of your compressor by reducing the amount of time it takes for your compressor to start.

### Tankless Water Heaters

No more cold showers, wasting energy, and needed space taken up in your home. This unit saves room, money, and your time spent waiting for your water to heat up.
